------------------------	-----------

- rates excl. VAT
- reserved alterations

The mentioned-rates count for all time the technician is occupied with appointed works. Required preparation, handling, waiting times (whatever the course) and traveling time within 8 working hours are part of this time. For works under extreme circumstances special rates can be applied.

A day counts max. 8 working hours, additional hours are invoiced as overtime or traveling hours.

Car expenses will be invoiced per km.

Travel- and (over) stay expenses, paid by us, will be invoiced separately.

Cost as result of disease or accidents during the works, traveling included, will be for the customer, as far as not being covered by insurance.

The rates are including use of base tools and instruments. Tools not present or not easy to transport, are to be provided on account of the customer.

The total costs will be calculated afterwards and, after consultation, invoiced to you.

If questions remain concerning our service rates / conditions please don't hesitate to contact us.
